

Criteria 3.3 ICT Facilities

(Verifiable from the Permanent stock register and office record)

The institution is committed to enhance the teaching and learning experience through the effective use of ICT tools. Our faculty members leverage smart boards not simply as traditional boards, but as gateways to enriched learning. This approach combines traditional lectures with a variety of audio-visual aids such as documentaries, YouTube, short clips, graphs, maps, interviews, short films, PowerPoint presentations, and images through PDFs.

ICT tools allow teachers to create dynamic and engaging lessons by incorporating multimedia elements that illustrate complex concepts more clearly and make lessons more interesting. Teachers have access to a vast array of online resources and educational content, enabling them to bring diverse and up-to-date information into the classroom. The Internal Quality Assurance Cell (IQAC) ensures that teachers are up-to-date with the latest teaching tools and techniques, and continuous professional development helps them integrate technology seamlessly into their pedagogy.

For students, ICT tools make learning more interactive and engaging. They benefit from visual aids that help in better understanding and retention of information, and have access to a wealth of information and resources online, which broadens their learning horizon and encourages self-directed learning. Exposure to ICT tools helps students develop essential digital skills that are crucial in today's technology-driven world. Additionally, ICT facilitates collaboration among students, enabling group projects and peer learning, which fosters a collaborative environment. The flexibility of online lectures and seminars allows students to learn from experts, regardless of geographical constraints, as seen with the online orientation for the hospitality course.

By integrating ICT into our teaching practices, we aim to provide a holistic and modern education experience. This not only prepares our students for academic success but also equips them with skills necessary for their future careers.

- i. No. of Interactive Panels/ Virtual Classrooms/ Multimedia Projectors/K-Yan
College has 3 (Three) Interactive Panels and Two Multimedia Projectors
- ii. % of teachers using ICT facilities

100%

iii. No. of students benefitted from ICT facilities

100%

iv. Internet Connections - Leased Line. Fibre Network/ Wi-Fi campus (Yes/No)

Yes, campus is Wi-Fi enabled, college also has dedicated Fibre Network

v. Use of ICT facility

All the students are tech-savvy, the reels of the college programs are also usually produced by the students. The college has two JOA (IT) their help is sorted at times by the staff and students. The college is stepping towards the paperless work in next two years. Online admission process, online examination process, online financial transaction, use of PFMS, PMIS are few steps towards this initiative.

दाइलाघाट में छात्रों को दिखाई भगत सिंह फिल्म

दाइलाघाट। दाइलाघाट कॉलेज में टाइम ट्रेवलर्स सोसायटी द्वारा द लेजेंड ऑफ भगत सिंह नामक फिल्म दिखाई गई। यह फिल्म स्वाधीनता आंदोलन के प्रखर क्रांतिकारी नेता भगत सिंह के जीवन पर आधारित है। इतिहास विभाग की अध्यक्ष सहायक आचार्य भूवि शर्मा ने बताया कि इस फिल्म का प्रदर्शन विद्यार्थियों को भगत सिंह के जीवन से परिचित करवाने के लिए किया गया। इतिहास विभाग के सभी विद्यार्थियों ने इस कार्यक्रम में बढ़-चढ़कर भाग लिया।
